

ENERGY INNOVATION STUDENT PITCH COMPETITION

2019 State Energy Conference
of North Carolina

Connecting North Carolina's diverse energy economy

EVENT OVERVIEW

The NC Clean Energy Technology Center (NCCETC) is hosting the inaugural Energy Innovation Student Pitch Competition on Monday, April 29. This event will lead up to the 2019 State Energy Conference of North Carolina on April 30 - May 1.

Students may submit ideas, business proposals, technology solutions within one of three categories:

- **Energy Innovation** – Best new energy product or business model
- **Energy Poverty** – Best plan or product to address energy poverty or inequality
- **Next Gen Energy Challenges** – Most promising next gen research ideas

NCCETC is seeking support and sponsorships to make the inaugural energy innovation competition event a success!

HOW TO PARTICIPATE

1. Support student projects and ideas by sponsoring the event. Sponsorship funds will be used to provide the student prizes and to support the student competition event.

Sponsorship levels:

\$5,000 - Champion sponsor	\$3,000 - Leadership sponsor
\$1,500 - Supporting sponsor	\$500 - Contributing sponsor

2. Attend the Energy Innovation Pitch Competition Dinner on Monday, April 29 to show your support to students.

- Pitch Competition dinner event tickets are \$50/person
- Your organization can reserve a table at the event - \$375 for 8 tickets

3. Share this event with other colleagues and industry organizations and invite them to participate in the inaugural pitch competition.

For questions on sponsorship information, contact Shannon Helm at shannon_helm@ncsu.edu or visit www.ncenergyconference.com/student-competition.html
